Assistant Director for Research and Reports
Export Control Program.

1. Thank you for your memorandum of 31 January on our responsibility in connection with the Export Control Program. This was just what I wanted. I approve of your proposed future course of behavior.

2. I would like to add only that I think it would be desirable whenever you are recorded as voting on any general issue which might be interpreted as a policy issue you would let me know afterwards so that we will be prepared in advance for any inquiries from the Director's Office.
